### ABOUT US

Our business, established in 2010, provides full range electrical & air-conditioning services to domestic, commercial and industrial clients, generally in Gauteng and the surrounding areas

Our Service Team provide the essential on-going aftercare to ensure installed equipment is operating as efficiently as possible. As a company it is our intention to offer support and commitment to all our customers and staff. Providing creative and effective solutions for the needs of our customers, whilst offering the best value possible.

We aim to do this by providing our customers with a consistently high level of service:-  
Before the order is secured, during fulfillment and after the product has been delivered.

We have created a partnership with our suppliers to enable us to continually offer our customers the best quality and value. Promoting and maintaining our companies and staffs' development, which contributes to our success.
